Limited Warranty

Cannon SLEEP PRODUCTS® LIMITED WARRANTY

To assure your exclusive registration, please complete and mail your Warranty Registration at time of purchase.

This warranty is in lieu of any and all other warranties, expressed or implied, including those of fitness for a particular purpose and merchantability. In no event shall Pleasant Mattress, Inc./ Cannon SLEEP PRODUCTS® be liable for damages or expenses directly or indirectly arising from the use of this sleep product or for special, indirect, incidental or consequential damages of any nature whatsoever, except for the liability of repair or replacement covered by this limited warranty. The foregoing limitations of liability shall apply to the full extent permitted by law. Cannon SLEEP PRODUCTS® warrants, to the original purchaser that this sleep product will be free from defects as described in this limited warranty and that at the time this sleep product was manufactured, it met all the requirements of all State and Federal regulations. **Extreme care must be taken in transportation and use of this sleep product. Any misuse of this sleep product could make void its ability to resist combustion from any heat source.** This warranty begins on the day of purchase. Should service be required, contact your original Cannon SLEEP PRODUCTS® dealer or Cannon SLEEP PRODUCTS® address on back). A copy of proof of date and place of purchase is required as, well as the satin trade and law labels must be intact to identify and validate this warranty. If repairs or replacement is required, this warranty will not be extended. Please refer to "Limited Warranty Schedule" to determine the length of your limited warranty. Cannon SLEEP PRODUCTS® reserves the right to substitute materials or models of comparable quality and does not guarantee the fabric of the replacement will match the existing piece.

MATTRESS WARRANTY, under normal wear

- Coils or wires that are loose, broken or protrude through any fabric
- Body indentations and/or sagging greater than 1½" on both sides of mattress or the top side of the 'FLIP FREE' mattress, and only when the mattress has been continuously supported by a foundation (or equivalent) with an appropriate frame. Queen and King sets must have a frame with a center support (see "Care & Warranty Instruction" for clarification)

BOXSPRING or FOUNDATION WARRANTY, under normal wear

- Splitting of wood • Bent, loose or defective beams or center support rail
- Loose or broken foundation wire
- Compression or unstapling of modules

Your rights under state law: Some states do not allow the exclusion or limitation of incidental or consequential damages. The warranty gives you specific rights and you have other rights which may vary from state to state.

THIS LIMITED WARRANTY DOES NOT COVER

- Cover (including stains, soiling or burns) • Corner guards • Piece with law tag removed
- Any piece in an unsanitary state due to soilage, staining and/or odor
- Border wires, which run along the perimeter of the mattress and foundation bent due to moving, bending or abuse of sleep set (see "Care & Warranty")
- Structural damage due to using improper frame for Queen or King size sets (see "Care & Warranty Instructions" for clarification and illustration)
- Body indentations of greater than 1½" that occur on only one side of mattress or in "FLIP FREE" mattresses with an indentation of greater than 1½" on one end
- Mattress damage due to an inappropriate foundation. A mattress is designed for full performance when used in conjunction with a matching foundation or equivalent as part of a total sleep set and frame with center support • Piece with law tag removed
- Undamaged corresponding sleep set piece • Bed Height • Comfort Performance
- Cost of transportation to factory for inspection
- Merchandise sold "as-is", "distressed" or "floor model"
- A Cannon SLEEP PRODUCTS® that is shipped outside our shipping area

Congratulations...

Cannon SLEEP PRODUCTS® Mattress Care & Warranty Instructions

Your new mattress has been carefully designed with your sleeping comfort in mind. During normal use of your new Cannon SLEEP PRODUCT® mattress, you may notice slight body impressions. These impressions are normal characteristics of premium bedding material, indicating the comfort layers are conforming to your body's contour and are not structural defects. To assure maximum performance and to balance these impressions, please turn mattress end to end and up side down during the first three (3) months of use, thereafter end to end and upside down every six (6) months. "FLIP FREE" mattresses require rotating head to foot *only*, during this same time period. This regular maintenance lets your mattress adjust smoothly and evenly to your body's weight. **DO USE A FIRM SUPPORTIVE FOUNDATION.** An older, non supportive foundation unit may not provide sufficient support. Your mattress may appear to sag, when the problem may be a non-supportive foundation. We suggest using a mattress pad to guard against soiling (soilage will negate warranty). **DO NOT** remove white law label or satin mattress trade labels. These labels serve as a means of identification to establish your warranty rights and if removed negate warranty. **DO NOT** stand or jump on mattress, damage can occur that negates warranty. **DO NOT** fold mattress (this does not apply to futon mattresses). **DO NOT** use dry cleaning fluid on your mattress, it will damage the mattress. **DO NOT** put a board between your mattress and foundation, it will result in damage. **DO NOT** smoke in bed or place product near open flame. This mattress is manufactured as required by federal law, to resist but not necessarily eliminate ignition to open flames.

QUEEN & KING size sets require additional frame support to validate warranty. Use a bed frame that supports head, foot and sides and has a ridged, legged center support. For any frame that does not have a metal center support, you must use at least 4-5' hardwood slats (1 x 4's).

Scheduled Mattress Turning & Rotating ensures equalized continued comfort from your sleep set. Note: "FLIP FREE" mattresses require rotation only.

1.  Rotate your mattress counter-clockwise 1/4 turn.
2.  Rotate mattress counter-clockwise to overhang foundation.
3.  Raise mattress on edge.
4.  Lower mattress gently.
5.  Rotate mattress counter-clockwise again to put "B" at head of bed.
6.  Now for a PLEASANT night's sleep.

To avoid damage to mattress or risk of personal injury
DO NOT ATTEMPT TO TURN MATTRESS BY YOURSELF
